

## **King County Executive Dow Constantine on our position on Proposition 1: Best Starts for Kids**

“I am so pleased the Children’s Alliance has endorsed King County Proposition 1: Best Starts for Kids. The moms, dads, and advocates for kids who make up the Children’s Alliance know what is good for kids and our communities – and know that when we speak up, we can get results. The Children’s Alliance knows that when we invest in opportunity for children in low income families and children of color, we improve our communities for everyone.

**“I am delighted that the Children’s Alliance, which usually focuses on state and federal policy, has chosen to put their stamp of approval on an initiative that’s vital to the kids in Martin Luther King Jr. County. Together, we can ensure that all our children have a clear path toward a healthy future full of opportunity.**

“Please join me, the Children’s Alliance, and many other local organizations and community leaders in working to **encourage King County voters to APPROVE King County Proposition #1.**”

—Dow Constantine, King County Executive
