

CHILDREN'S ALLIANCE

A Voice for Washington's Children, Youth & Families

Election 2014: Gun Safety

The Children's Alliance endorses Initiative 594 and opposes Initiative 591. Both initiatives will appear on the election ballots of voters in Washington state.

Initiative 594: Vote YES

Initiative 594 would require a background check on all private gun sales. We urge a YES vote.

Initiative 591: Vote NO

Initiative 591 would block any Washington state gun regulation that has not been enacted nationally. We urge a NO vote.

Initiative 594 would apply the current public safety background checks used by licensed firearms dealers to all gun sales, including sales at gun shows.

Gun violence has enormous consequences for children. Incidents of violence play a large role in determining whether every child has the same opportunities to grow up healthy and live in healthy communities.
