

Map your connections: A tool for organizing.

What groups or individuals are you connected to who might have an interest in the issue you care about?

-Write each group or institution (like a school or a church) in a circle and write down who you are connected to within that group.

More questions to ask yourself:

- ⇒ Why does this person/group care?
- ⇒ What barriers might keep them from getting involved?
- ⇒ What kind of action can they take? How can they help?
- ⇒ Who can they influence?
- ⇒ How can you strengthen your relationship?
